Keep Kool™ Mesh

Allows air to circulate through the fabric

Moisture Wicking

Draws moisture away from skin

Soil Release

Fabric treated with stain-release agent

Wrinkle Resistant

Fabric treated with a permanent press finish that requires minimal pressing

Yarn Dyed

Yarn is dyed before it is woven into fabric for better color retention

Reversible

Item is reversible for maximum wear

Superior Colorfastness

Color holds fast and resists fading through the industrial laundering cycle

Retail Ready

Individually packaged and tagged for retail sale

Permanent Crease

Crease is baked into the fabric to ensure a crisp professional appearance without ironing

Pearl Plus Buttons

Pearl buttons resist yellowing and withstand the rigors of industrial laundering

EV - Enhanced Visibility

Products provide heightened visibility, particularly in low-light conditions and are Industrial Laundry compliant; garments are not ANSI compliant

Plus Blend

Enhanced Poly/Cotton Blend fabric consisting of ring spun yarns

Cloth-covered Buttons

Durable cloth-covered buttons improve the polished appearance of the garment

Knit Cuff

Polyester knit cuffs make sleeve length adjustable and add protection

Executive Stretch

Fabric flexes to provide a comfortable fit throughout the work day

Unisex

Fit suitable for men and women

Fast Feed Hem

Fast feed hem facilitates efficient ironing

Route Ready

Products arrive ready to deliver to your customers

Clean Seam

Clean seams provide added comfort and a professional look by eliminating unsightly, rough hems at collars and cuffs

Murata

Product made with Murata Vortex Spun (MVS) yarn provides the most durable industrial laundering fabric and optimal ROI

Summit Services

Post-manufacturing alterations and embroidery with Pinnacle's in-house team (allow 24-48 hours)

Kwik Kustom™

Kwik Kustom™ items must meet minimum quantity requirements (allow up to six weeks for delivery)

Full Custom

Custom items must meet minimum quantity requirements (allow up to 60-90 days for pattern engineering and fabric procurement – contact your Sales Representative for more information)

Fire Retardant

Fabric treated to reduce or delay combustion

Sewn In Collar Stays

Support the structure of the collar through the rigors of industrial laundering

Flex Waist

Hidden side elastic allows for up to 2" expansion for added comfort.

INFINITY
by PINNACLE
Restaurant Linens & Aprons

Our Clients

Pinnacle Textile serves linen and industrial rental, large public and private restaurant and hospitality companies and other large buyers of image uniform programs. From service apparel and aprons to linens and specialty items, if you use it, we supply it. Included in our stock product offering is a wide variety of kitchen, industrial, food processing, and image uniforms. Our Kwik Kustom™ program expands that offering to include Quik-Ship™ custom made styles utilizing our standard patterns and in-stock fabric and trims, with low minimum order requirements. We'll help ensure that your garments meet local, state or federal requirements.

If you are an end user or individual restaurant and need help selecting a distributor or local linen service, email our Customer Service Center at custsvc@pinnacletextile.com.

We look forward to working with you to deliver the products you need.

Our Promise

We deliver remarkable quality, selection and value in every category. Here at Pinnacle Textile, our focus is on your needs and responding with excellent customer service.

We provide same-day shipping, private label capabilities and garment modifications. With on-site custom embroidery, rare sizes to 7x and special fabrics and colors, you'll find everything you need at Pinnacle. We will also create an original custom design for you. Just ask. It's all part of Kwik Kustom™ and Summit Services capabilities, because Pinnacle does whatever it takes. And that's a promise we never break.

About Pinnacle Textile Industries

Celebrating 17 years in business, Pinnacle Textile Industries, LLC is one of the premier, uniform and textile manufacturers and distributors in the United States. Our catalog includes an extensive collection of kitchen, linen, industrial and hospitality merchandise. To support this, we have created a global supply chain, which efficiently brings our product to you at competitive prices. Pinnacle's manufacturing capabilities utilize first-rate fabrics and meticulous sewing standards to withstand the rigors of both home and industrial laundering.

VA and GSA Eligibility

Pinnacle Textile Industries is proud to provide our products to the U.S. Government. With manufacturing facilities in the Dominican Republic and Haiti, all of our garments are TAA compliant and eligible to be on VA and GSA FSS schedules.

- JIT manufacturing ensures your products will be in stock
- Accept Government Purchase Cards and Purchase Orders
- East and West Coast Warehouses and Distribution Centers
- Stock Production cycle of less than 6 weeks
- Transit time to the USA in 7 days or less
- AccuMatch – Color consistency throughout product line
- Custom cuts with low minimum requirements and a quick 8 week delivery goal on most specials
- TAA-compliant garments manufactured for eligibility on GSA and VA schedule contracts
- Quik-Ship™ 24 hours shipping guarantee on stock items

chefTrends

Our top-of-the-line chef wear brand constructed with a choice of the finest materials to withstand the rigors of both home and industrial laundering. Rivaling the highest quality apparel in the business at a fraction of the cost. Fabrics include 7 oz or heavier 65/35 Enhanced Poly/Cotton Ring-Spun Twill, 100% Combed Cotton and 65/35 Poly/Cotton Ring-Spun poplin.

PINNACLE HD

Our heavy-duty line of 100% Spun Polyester garments that best stand up to the abuse of harsh industrial laundering. Durable and breathable, they soften with age and release even the toughest stains. Perfect for industrial and linen rental operators who seek the maximum product life and universal customer acceptance. Will last over 100 industrial launderings and deliver the best ROI.

PINNACLE Image

Pinnacle Image is our line of Professional, Housekeeping and Imagewear; including lab coats, princess dresses, counter/lapel coats, smocks, wrap gowns and other related cover garments. Crafted from comfortable yet durable made-in-the-USA 65/35 Poly/Cotton fabrics, these uniforms typically come in both white and an array of vibrant, classic colors that help identify the wearer's role in the organization.

WORX

Pinnacle WorX is our Industrial line and provides the durability, quality and value you trust. Our deep inventory includes a broad color selection of work pants, shirts, coveralls, route jackets, and parkas. Enhanced Visibility garments are a new addition to our line, offering heightened visibility in low-light conditions.

Pinnacle Health provides industrial strength lab coats designed for comfort and durability. This line provides quality, durability and value to workers across the globe. These garments are constructed using 100% Made in USA fabric.

Aprons

Our comprehensive line of Bib, Bar, Full, Half Bistro and Server Waist aprons. Constructed with cotton-like MVS yarns for superior wicking, hand and starch retention. Available in a wide range of styles, colors and sizes to meet any need, both in the back and front of the house. Infinity Aprons, available in both 6.0 and 6.4 oz., stand up beautifully to the abuses of the work environment and to the stresses of industrial laundering. They have many applications in supermarkets, cafeterias, retail stores, restaurants and bars.

Linen

Our line of table napery constructed of 100% Murata Vortex Spun (MVS) fiber. Our tablecloths and napkins are available in 6.4 and 6.8 oz. fabric and an ever-expanding palette of colors. MVS is the premier form of Murata spinning and Infinity is MVS in both directions. This delivers tremendous hand without the need for brushing or sueding – and even better starch acceptance with true color fastness.

**Headquartered in Philadelphia, Pennsylvania
Pinnacle Textile provides uniforms and flat goods
to businesses throughout the United States and Canada.**

Table Linen Colors

Pinnacle's ever-expanding collection of Infinity colors make us a favorite with our customers. Our superior line of Infinity table napery is made with 100% Murata Vortex Spun (MVS) fiber, which delivers tremendous hand without the need for brushing or sueding – and even better starch acceptance with true color fastness. MVS yarn provides the most durable industrial laundering fabric and optimal ROI, making it a favorite of Industrial Launderers and Restaurants. Our Infinity brand products come standard with Soil Release treatment. Napkins are 20" x 20" with a finished edge.

Pinnacle Textile can provide on-site custom embroidery on just about any product we manufacture, all in just a matter of days. At Pinnacle, we can produce a digitized logo from any source be it a JPEG format, a business card, a website image, whatever! Digitized logos typically take 24-48 hours to produce, and embroidery orders are completed in just a day or two depending on the size. We use only the finest Madeira thread for colorfastness and the truest, sharpest colors. Call your order in today, and we'll produce it tomorrow!

CUSTOM SERVICES

We have expanded our custom service capabilities!

We offer Property Stamping, Retail Tagging, Special Packaging, Hemming, Button Changes and other basic alterations on demand at our USA Distribution Centers. In addition, our new factory level Kwik Kustom™ Program offers reduced turn times and expanded color, size and pattern options to existing stock styles. Pinnacle remains committed to providing reliable, expeditious, post-manufacturing services to satisfy all customer requirements. If you require a service not listed, please contact your Account Representative or Customer Service and we will be happy to explore all available options.

SUMMIT SERVICES

Post Manufacturing Alteration Services performed at USA Distribution Centers.

Services Include:

Thermo-patch PERM-A-PRINT Marking:

(Applied with ink and heat) Logos, names and other information can be applied to the fabric. Additional, one-time set-up fees may apply.

Emblems: Sew customer-provided emblems to uniforms.

Hemming: Pant inseams; shorten sleeve length. Hem pants to shorts.

Special Poly Bagging: Change stock packaging on styles from multiples to individual bagging.

FULL CUSTOM

Custom manufacturing for items that require new patterns, fabric and components.

Private Label: Private Label programs are available upon request. Cost varies from program to program. Customer must agree to stocking and withdrawal conditions. Minimums apply. Please contact your Account Representative or Customer Service for complete details.

New Pattern Items: We welcome the opportunity to quote on any uniform, apron or linen item not currently available through our stock or Kwik Kustom™ programs. A sample would be required for pattern and cost review prior to quotation. Please contact your Account Representative or Customer Service to discuss.

Special Fabric: We have the capability to secure special fabrics upon request. In most cases, reasonable yardage minimums would apply, with actual order minimums ultimately dependent upon yield of purchased yardage. Final production may vary.

Minimum Order Quantity/Lead Time-special

Orders: Full custom garments/uniforms require total purchase of 576 ea. with full dozen increments per size; Aprons require 100 dz. minimum; Table Linen minimums based on carton/case pack quantities as defined by factory; Aprons and Linen sold only in full dozen increments. Lead time for new orders 10-12 weeks after approval of pre-production sample. Repeat orders completed in 8-10 weeks. Customers required to purchase any second quality/irregulars produced at a price reduction. Maximum quantity of seconds/irregulars capped at 2% of total quantity ordered.

Kwik Kustom™

Uses stock fabric and components in conjunction with pre-existing patterns to provide expanded color/size options to complement regularly stocked inventory. Six week turn time with minimum requirements:

- **Uniforms**- Full carton quantity based on product with 12 piece increments per size
- **Aprons & Linen**- Full carton quantity based on product styles marked with Kwik Kustom™ icon  are eligible

Non-stock Sizes - Uniforms: We will produce non-stock sizes on stock styles upon request. Must purchase in full dozen increments per size. 100% surcharge added to net pricing for largest stock size.

Non-stock Sizes - Linen: We have the ability to produce non-stock sizes of table linen dependent upon fabric availability. Not all colors/widths are available. Please contact your Pinnacle Representative or Customer Service for additional information. Minimums apply.

Basic Modifications: In addition to the Kwik Kustom items detailed in this guide, stock items that require additional basic modifications are also available. Basic modifications include, but are not limited to:

Fabric/color changes, custom pocket configurations, cuff options (knit, shorten, etc.), aprons string color/type changes, private labels, colored hem thread for apron/linen, additional length (talls) for garments/aprons, colored garment trim and closure changes (buttons to snaps, etc.). Pricing on all modifications will be provided upon request, and a sample may be required prior to quotation. Counter samples provided upon request; minimums and lead times vary based on specifics and complexity of alteration requested.
