1946

WHAT'S THE BIG DIFFERENCE?

BIG BILL®, a brand by CODET INC., was established in 1946, by Charles E. Audet, in Coaticook, Quebec. Today, BIG BILL® continues to be a fourth generation family owned business. Over the decades we have proudly manufactured our garments in Canada & the United States. We ensure that our garments meet the highest industry standards so you can feel secure & comfortable on the job.

BE PROUD OF WHAT YOU WEAR.

90% Made in Canada + USA.

97% USA Made Fabric.

In the 1990s the BIG BILL brand grew two more niche focused divisions: Flame-resistant secondary protective apparel & safety footwear, keeping the same quality manufacturing intentions in mind. We stay current with emerging technologies and industry trends in order to bring you the best product possible. Our long history proves we understand the durable comfort you need to get the job done.

DISTRIBUTION + PRODUCTION

Supply chain, Distribution & Logistics

Our company offers a professionnal customer service and an experienced sales team. The company owns over 200,000 sq. feet of Distribution & Warehouse space, in North America. We also give production to (9) other contractors in North America. The close distance of our distribution centers allows us to serve you better in a faster way. Take note that we are also EDI and offer 2 web platforms to make ordering more efficient
