Keep Kool Mesh

Allows air to circulate through the fabric.

Moisture Wicking

Draws moisture away from skin.

Soil Release

Fabric treated with a stain-release agent.

Wrinkle Resistant

Fabric treated with a permanent press finish that requires minimal pressing.

Yarn Dyed

Yarn is dyed before it is woven into fabric for better color retention.

Reversible

Item is reversible for maximum wear.

Superior Colorfastness

Color holds fast and resists fading through the industrial laundering cycle.

Retail Ready

Individually packaged and tagged for retail sale.

Permanent Crease

The crease is baked into the fabric to ensure a crisp professional appearance without ironing.

Pearl Plus Buttons

Pearl buttons resist yellowing and withstand the rigors of industrial laundering.

EN - Enhanced Visibility

Products provide heightened visibility, particularly in low-light conditions and are Industrial Laundry Compliant; garments are not ANSI compliant.

Plus Blend

Enhanced Poly / Cotton Blend fabric consisting of ring spun yarns.

Cloth-covered Buttons

Durable cloth-covered buttons improve the polished appearance of the garment.

Knit Cuff

Polyester knit cuffs make sleeve length adjustable and add protection.

Executive Stretch

Fabric flexes to provide a comfortable fit throughout the workday.

Unisex

Fit suitable for men and women.

Fast Feed Hem

Fast feed hem facilitates efficient ironing.

Route Ready

Products arrive ready to deliver to your customers.

Clean Seam

Clean seams provide added comfort and a professional look by eliminating unsightly, rough hems at collars and cuffs.

Murata

Product made with Murata Vortex Spun (MVS) yarn provides the most durable industrial laundering fabric and optimal ROI.

Summit Services

Post-manufacturing alterations and embroidery with Pinnacle's in-house team (allow 24-48 hours).

Kwik Kustom™

Kwik Kustom™ (K2™) sizes denoted in red. All items must meet minimum quantity requirements (allow up to six weeks for delivery).

Full Custom

Custom items must meet minimum quantity requirements (allow up to 60-90 days for pattern engineering and fabric procurement – contact your Sales Representative for more information).

Flame Resistant

Fabric treated to reduce or delay combustion.

Sewn In Collar Stays

Support the structure of the collar through the rigors of industrial laundering.

Flex Waist

Hidden side elastic allows for up to 2" expansion for added comfort.

American Flag

USA Fabric.

Category 2 PPE

Our Company

Pinnacle Textile Industries, LLC. is an esteemed uniform manufacturer and distributor in the United States, marking its 20th anniversary in business. Our extensive catalog comprises high-quality kitchen, linen, industrial, and medical merchandise collections. We pride ourselves on our global supply chain, which ensures efficient and competitive delivery of our products. Our manufacturing process involves the use of premium fabrics and strict sewing standards, resulting in durable fabrics that endure both home and industrial laundering.

Our Promise

At Pinnacle Textile, we pride ourselves on always putting your needs first. We make a promise to go above and beyond to deliver exceptional quality, selection, and value in every category, all while providing top-notch customer service. Our services include same-day shipping, private label capabilities, and garment modifications like on-site custom embroidery, rare sizing, special fabrics, and unique color options. We also offer Kwik Kustom™ and Summit Services, which allow for original custom designs upon request. You can trust us to do whatever it takes to meet your needs.

Our Clients

At Pinnacle Textile, we are committed to serving a wide range of clients across various industries. We take pride in being your go-to destination for all your supply needs, regardless of your sector of operation. Our extensive list of satisfied customers includes private and public entities, ranging from linen and industrial rental to restaurants and hospitality companies. Our product line features an impressive selection of uniforms, catering to kitchen, industrial, food processing, image, and healthcare needs. Additionally, our Kwik Kustom™ program allows you to order custom-made styles that utilize our standard patterns, in-stock fabric, and trims, with a Quik-Ship™ option for faster delivery. Our low minimum order requirements make it easy for you to get precisely what you need. Moreover, we are happy to assist you in ensuring that your garments comply with local, state, or federal regulations. To learn more, please email our Customer Service Center at custvc@pinnacletextile.com.

VA GSA Eligibility

At Pinnacle Textile, we are proud to supply our products to the United States Government. Our manufacturing facilities in the Dominican Republic and Madagascar ensure that all our garments comply with the TAA and are qualified to be on VA and GSA FSS schedules.

JIT manufacturing ensures your products will be in stock • Accept Government Purchase Cards and Purchase Orders • East Coast and Midwest Warehouses and Distribution Centers • Stock Production cycle of fewer than 6 weeks • Transit time to the USA in 7 days or less AccuMatch – Color consistency throughout product line • Custom cuts with low minimum requirements and a quick 8-week delivery goal on most specials • TAA-compliant garments manufactured for eligibility on GSA and VA schedule contracts • Quik-Ship™ 24 hours shipping guarantee on stock items.

Certifications: SBE - Small Business Enterprise

Duns Number: 112525048

NAICS Codes: 315220/315225/315222/315211

FSS VA Contract Number: 36F79722D009

GSA Contract Number: 47QSWA18D001P

Our Factories

WRAP is a team of impartial and non-profit social compliance experts who strive to promote safe, ethical, lawful, and humane manufacturing practices worldwide through certification and education.

To obtain WRAP certification, one must undergo an audit evaluation based on principles that comply with international workplace standards, local laws, and regulations. Human resource management, health and safety, environmental practices, and legal compliance - including imports/exports, customs compliance, and security standards - are all crucial factors that must be considered to earn certification.

We at Pinnacle are thrilled to have earned a Gold Certification for our outstanding performance in all 12 categories.

Our Partners

OUR FAMILY OF BRANDS

Chef Apparel

Our top-of-the-line chef apparel is constructed with the finest materials and will withstand the rigors of both home and industrial laundering. This durable, high-quality fabric comes in 7 ounce or heavier 65/35 Enhanced Poly/Cotton Ring-Spun Twill, 100% Combed Cotton, and 65/35 Poly/Cotton Ring-Spun Poplins. Our brand rivals the most popular apparel in the business while remaining a fraction of the cost, fitting nicely into your budget and guaranteeing peace of mind.

Housekeeping Uniforms

Pinnacle Image is our line of Professional, Housekeeping and Imagewear; including princess dresses, counter/lapel coats, smocks, wrap gowns, polos and other related cover garments. Crafted from comfortable yet durable made-in-the-USA 65/35 Poly / Cotton fabrics, these uniforms typically come in both white and an array of vibrant, classic colors that help identify the wearer's role in the organization.

Industrial Uniforms

Pinnacle Work Wear provides the durability, quality, and value you trust when it comes to industrial apparel. Our expansive inventory includes a broad selection of work pants, shirts, coveralls, route jackets, and warm up jackets — all available in a wide variety of colors.

Linen

Pinnacle's ever-expanding collection of Infinity napery makes us a favorite amongst industrial launderers and restaurants. Made with 100% Murata Vortex Spun (MVS) fiber, our napkins and table linen offerings deliver tremendous hand, colorfastness, and starch acceptance, without the need for brushing or sueding. The entire Infinity family of products comes standard with soil release treatment, ensuring that soil is easily washed out of the fabric, and guaranteeing optimal ROI.

Aprons

Pinnacle's ever-expanding collection of Infinity napery makes us a favorite amongst industrial launderers and restaurants. Made with 100% Murata Vortex Spun (MVS) fiber, our napkins and table linen offerings deliver tremendous hand, colorfastness, and starch acceptance, without the need for brushing or sueding. The entire Infinity family of products comes standard with soil release treatment, ensuring that soil is easily washed out of the fabric, and guaranteeing optimal ROI.

Medical Uniforms

Using 100% American-made fabric, Pinnacle Health provides industrial strength medical uniforms designed for comfort and durability.

Flame Resistant Uniforms

Newest to our Pinnacle Family of Brands, Topps Safety Apparel has a long history of 82 years in Flame Resistant and Public Safety Apparel. This line offers Public Safety shirts, coveralls, and one-piece suits in an array of different fabrics and weights, as well as an extensive flame resistant catalog.

Cleanroom Apparel

Pinnacle Textile now offers an assortment of ESD apparel in new and innovative fabrics. These polyester garments provide all-day comfort while protecting against foreign particles, electrostatic discharge, and other hazards in clean environments. Applicable in industries such as electronics, aeronautics, biotech, and food processing, our launderable garments include everything from hoods and coveralls to frocks and booties.

TABLE LINEN & NAPKINS

Pinnacle's ever-expanding collection of Infinity napery makes us a favorite amongst industrial launderers and restaurants. Made with 100% Murata Vortex Spun (MVS) fiber, our napkins and table linen offerings deliver tremendous hand, colorfastness, and starch acceptance, without the need for brushing or sueding. The entire Infinity family of products comes standard with soil release treatment, ensuring that soil is easily washed out of the fabric, and guaranteeing optimal ROI.

Our Kwik Kustom™ program extends our linen and apron product offering to just about any size in any stock color deliver. Call for a price quote today!

- 31 napkin colors available in all of our table linen and apron sizes
- Custom program
- Almost any banquet, round or apron we make, in any fabric we stock
- 6 weeks from order to delivery
- In a hurry? Three week Quik-Ship™ available for an additional fee
- Low minimums
- Color matching of tablecloths and napkins assured
- Seamless rounds
- Swatches available
- RFID Chipping on indicated table linen sizes
- Contact us to request our Bistro and Solid Swatch cards

FLAME RESISTANT APPAREL

Flame-Resistant Fabric Information

In any work environment that exposes individuals to the risk of flash fires or explosions, protective attire is imperative and could prevent severe injuries and save lives. Topps Safety Apparel by Pinnacle works closely with fiber producers and textile mills in the development and evaluation of new flame-resistant fabrics to provide the best quality products.

With so many flame-resistant fabrics to choose from, it can be overwhelming to make the best choice, that's why the knowledgeable staff here at Pinnacle is here to answer your questions about all types of flame-resistant protective uniforms.

DuPont™ Nomex®

NOMEX® is a DuPont registered trademark.

Fabric Content: DuPont NOMEX® aramid (93% NOMEX/5% KEVLAR/2% Carbon).

Characteristics: NOMEX® is a flame-resistant, anti-static fabric engineered to reduce dangerous static electricity. Self-extinguishing, incombustible, and immune to electrical conductivity, NOMEX® is an exceptional all-around fabric for applications such as petroleum refining, petro-chemical, fire service, and utility management.

Fabric	Weight	FPA 70E Arc Rating	PPE Category
NOMEX®	4.5 OZ.	4.6 cal/cm ²	1
NOMEX®	6.0 OZ.	5.7 cal/cm ²	1

Westex Indura®

INDURA® is a registered trademark of Westex, Inc.

Fabric Content: INDURA® (100% Flame Resistant Cotton).

Characteristics: Westex Indura® favors affordability and comfort, utilizing 100% cotton treated material with the same permanent flame-resistant finish as UltraSoft®. Flexible, durable, and absorbent, Indura® works great in industrial applications without making a dent in your budget.

Fabric	Weight	FPA 70E Arc Rating	PPE Category
INDURA®	7.0 OZ.	7.7 cal/cm ²	1
INDURA®	9.0 OZ.	10.8 cal/cm ²	2

Westex UltraSoft®

UltraSoft® is a registered trademark of Westex, Inc.

Fabric Content: UltraSoft® (88% cotton/12% High Tenacity Nylon).

Characteristics: As the only flame-resistant garment you will ever need, Westex UltraSoft® guarantees that its impressive ignition-resistant finish will last for the entire life of the garment. Using high tenacity nylon within the fabric, lifetime protection from arc flashes, flash fires, and more is increased without compromising the "cotton comfort" that makes UltraSoft® an industry favorite. This patented material will also withstand regular industrial launderings.

Fabric	Weight	FPA 70E Arc Rating	PPE Category

TOPPS® SAFETY APPAREL BY PINNACLE FLAME RESISTANT GARMENTS MEET THE PERFORMANCE REQUIREMENTS FOR PROTECTIVE CLOTHING AS GOVERNED BY OSHA RULES 29 CFR, PART 1910.269 AND ASTM F1506.

THESE TOPPS® SAFETY APPAREL BY PINNACLE GARMENTS MEET ALL THE REQUIREMENTS OF NFPA 2112 STANDARD ON FLAME RESISTANT GARMENTS FOR PROTECTION OF INDUSTRIAL PERSONNEL AGAINST FLASH FIRE. CURRENT EDITION.

PEAKFR

Fabric Content: PEAKFR (88% cotton/12% High Tenacity Nylon).

Characteristics: PeakFR protects against arc flash, flash fire, and electrical hazards all while maintaining superior comfort and durability. Using cotton rich, flame-resistant fabrics, PeakFR is comprised of 88% cotton and 12% Cordura® nylon for added strength.

TECASAFE® ONE	5.7 OZ.	250gsm	2

TECASAFE®PLUS TrueColor™

Fabric Content: Modacrylic, Lyocell, Aramid

Characteristics: Take body temperature regulation to the next level with Tecasafe® Plus. Featuring integrated wicking COOLDERM™ technology for added breathability, these impressive garments will remain comfortable all the time, anywhere you go. And thanks to TrueColor™ technology, Tecasafe® Plus stands up to repeated laundering and resists fading in both light shades and dark shades. Certified to NFPA® 2112, NFPA® 70E (CAT2), and ANSI 107, you can work with confidence knowing you are protected from flash fires, arc flashes, and low-visibility environments.

PP24 Nomex® Plain Front Glove Pocket Pant

DuPont Nomex® Aramid

Fabric weight 6oz. • 37" unfinished length • Full cut pant for ease of motion and comfort with permanent creases both front and back • Unique design glove/scissor pocket on the right leg. The pocket comprises a three-part scissor pocket on the outside, a separate glove pocket in the center with a large 8 1/2" x 9" bellowed cargo pocket behind. The separate glove pocket in the center measures 5 1/2" x 7 1/2" and ensures that surgical gloves can be stored separately from other items. The glove/scissor pocket fastens closed with a pocket flap and hook-and-loop tape • The left leg has a spacious bellowed cargo pocket measuring 7" x 8" with a 2" bellow. The cargo pocket fastens closed with a pocket flap and hook-and-loop tape • Two patch hip pockets on the rear which fasten closed with a pocket flap and hook-and-loop tape • Reinforced knees for enhanced durability • Fully lined waistband • Two inserted front pockets • NOMEX® ripstop pocket bags • Self-locking brass zipper • Seven belt loops • Sewn throughout with NOMEX® thread

MEASUREMENT GUIDE

Sizing and Measuring

To ensure that garments fit properly, it is important that individuals are measured properly. Use this guide to be assured of a comfortable fit.

Neck

Middle of neck.

Shirts

Chest/Bust

Measurement at chest (bust) line.

One Piece Uniforms • Coveralls • Jackets and liners • Squad Suits • Tech Coats

Sleeve

Measure sleeve length by holding arms as illustrated. Begin tape measure at nape of neck; follow contour of arm around elbow to 1" below wrist bone.

Shirts

Inseam

Measurement of inseam from high up in crotch down to lower edge of ankle bone.

Pants

Waist

Measurement around waist.

Pants • Bib Overalls

Height

Overall height of individual.

One Piece Uniforms • Coveralls • Jackets and Liners • Squad Suits • Bib Overalls

CUSTOM SERVICES

Our custom service capabilities have been expanded! Our USA Distribution Centers now offer property stamping, retail tagging, special packaging, hemming, button changes, and other basic alterations on demand. Additionally, our Kwik Kustom™ Program provides reduced turnaround times and expanded color, size, and pattern options for existing stock styles at a factory level. At Pinnacle, we are dedicated to delivering reliable and speedy post-manufacturing services to fulfill all customer needs. If you require a service that is not mentioned, please feel free to contact your account representative or customer service, and we will gladly explore all available options.

SUMMIT SERVICES

Post Manufacturing Alteration Services performed at USA Distribution Centers.

Services Include:

Thermo-patch PERM-A-PRINT Marking: (Applied with ink and heat) Logos, names and other information can be applied to the fabric. One-time set-up fees may apply.

Emblems: Sew customer-provided emblems to uniforms on chest, sleeve, or back.

Hemming: Pant inseams. Shorten sleeve length. Hem pants to shorts

Special Poly Bagging: Change stock packaging on styles from multiples to individual bagging at USA Distribution Center or advanced requests completed at factory (allow 6-8 weeks).

RFID Chipping: RFID chips can be heat-sealed or sewn into garments or linen for seamless tracking of inventory through laundry, delivery, and use cycles. Pinnacle can provide RFID chips or coordinate the application of customer-supplied RFID chips at the time of order placement.

FULL CUSTOM

Custom manufacturing for items that require new patterns, fabric and components.

Private Label: Private Label programs are available upon request. Cost varies from program to program. Customer must agree to stocking and withdrawal conditions. Minimums apply. Please contact your account representative or customer service for complete details.

New Pattern Items: We welcome the opportunity to quote on any uniform, apron or linen item not currently available through our stock or Kwik Kustom™ programs. A sample would be required for pattern and cost review prior to quotation. Please contact your account representative or customer service to discuss.

Special Fabric: We have the capability to secure special fabrics upon request. In most cases, reasonable yardage minimums would apply, with actual order minimums ultimately dependent upon yield of purchased yardage. Final production may vary by +/- 10%.

Minimum Order Quantity/Lead Time-Special Orders: Full custom garments/uniforms require total purchase of 576 ea. with full dozen increments per size; aprons require 100 dz. minimum; table linen minimums based on carton/case pack quantities as defined by factory; aprons and linen sold only in full dozen increments. Lead time for new orders 10-12 weeks after approval of pre-production sample. Repeat orders completed in 8-10 weeks. Customers required to purchase any second quality/irregulars produced at a 25% price reduction. Maximum quantity of seconds/irregulars capped at 2% of total quantity ordered.

Uses stock fabric and components in conjunction with pre-existing patterns to provide expanded color/size options to complement regularly stocked inventory. Six week turn time with minimum requirements:

- Uniforms - Full carton quantity based on product with 12 piece increments per size
- Aprons & Linen - Full carton quantity based on product styles marked with Kwik Kustom™ icon are eligible.
- FR/Safety - A minimum of 24 each is required with 6 each increments per size. Allow 10-12 weeks for all made to order items. Delivery time will be longer if patterns and specifications need to be written.

Non-stock Sizes - Uniforms: We will produce non-stock sizes on stock styles upon request. Must purchase in full dozen increments per size. 100% surcharge added to net pricing for largest stock size.

Non-stock Sizes - Linen: We have the ability to produce non-stock sizes of table linen dependent upon fabric availability. Not all colors/widths are available. Please contact your Pinnacle Representative or Customer Service for additional information. Minimums apply.

Non-stock Sizes - Flame Resistant: We will produce non-stock sizes on stock styles upon request. A minimum of 12 each is required. A 50% surcharge will be added to the customer's net price.

Basic Modifications: In addition to the Kwik Kustom items detailed in this guide, stock items that require additional basic modifications are also available. Basic modifications include, but are not limited to:

Fabric/color changes, custom pocket configurations, cuff options (knit, shorten, etc.), aprons string color/type changes, private labels, colored hem thread for apron/linen, additional length (talls) for garments/aprons, colored garment trim, and closure changes (buttons to snaps, etc.). Pricing on all modifications will be provided upon request, and a sample may be required prior to quotation. Counter samples provided upon request; minimums and lead times vary based on specifics and complexity of alteration requested.

CUSTOM EMBROIDERY

Pinnacle Textile can provide on-site custom embroidery on just about any product we manufacture, all in just a matter of days. At Pinnacle, we can produce a digitized logo from any source be it a JPEG format, a business card, a website image, and more! Digitized logos typically take 24-48 hours to produce, and embroidery orders are completed in just a day or two depending on the size. We use only the finest Madeira thread for colorfastness and the truest, sharpest colors. Call your order in today, and we'll produce it tomorrow!

OPENING ORDER POLICY

A \$500 minimum order is required to open an account with Pinnacle Textile. To remain active, an account's annual volume must be a minimum of \$2,500.

MINIMUM ORDER POLICY

Minimum order amount must be \$100 or more.

PAYMENT TERMS

Terms are net 30 days upon satisfactory review of a completed credit application. Cash in advance and credit card terms are also available. Credit card transactions on new shipments will be processed within 24 hours of shipment.

FREIGHT

Prices listed are FOB Pinnacle shipping point.

SHIPPING POINTS

King of Prussia, PA (Philadelphia)

Kansas City, MO

SHIPPING AND HANDLING CHARGES

A handling charge per package is applied to all Prepay and Add small package carrier orders.

HASSLE-FREE RETURN POLICY

Credit on account or "store credit" will be given on all returns within 30 days of the original invoice date on all 1st quality goods. 2nd quality or "irregulars" may be returned for credit within 15 days of the original invoice date. Return authorization numbers will be provided via phone, fax or email and are required on all returned cartons. Goods returned without authorization may not be accepted or may be subject to a 25% restocking fee. All returned merchandise must be unwashed and unmarked, which includes label tape and tape residue. Unless goods were shipped in error by Pinnacle, authorized returns must be sent back at the customer's expense. No cash or credit card refunds will be given on returned merchandise.

QUIK-SHIP™ GUARANTEE

Orders placed for in-stock merchandise listed in this guide will ship within 24 hours of receipt of the order, guaranteed! If Pinnacle does not ship within 24 hours, the freight is on us! Maximum of \$250 per purchase order. Quik-Ship™ guarantee applies to in-stock merchandise at the time of order placement and does not apply to backordered products, special, made-to-order items, or products requiring alterations. PTI cannot be responsible for product delays beyond its control.

TAXES

Pinnacle is obliged to collect tax on merchandise shipping into certain states and localities. Customers holding tax exempt status must provide a tax exempt certificate in advance of invoicing to ensure the proper handling of taxation.

SAMPLE POLICY

Samples will be marked: "SAMPLE". Pinnacle will only send one piece maximum per style free of charge. For linen samples, Pinnacle will send one (1) napkin and/or one (1) 52" x 52" table top, together with a swatch card or book to illustrate colors. Pinnacle will charge for sample(s) and freight when a customer requests a specific size or requires more than one piece per style. For colored samples, a representative sample will be sent free, and a swatch card or book will be sent to illustrate colors available. Pinnacle ships all samples via UPS Ground at NO charge. If expedited service is requested, customer is responsible for freight charges. Samples will NOT be marked if customer is billed for them.

TO PLACE AN ORDER, CHOOSE ANY OF THE FOLLOWING:

Fax your order toll free to 866.FAX.2.PTI (866.329.2784). Call us toll free at 800.901.4PTI (800.901.4784). Place orders online by visiting PinnacleTextile.com. Or simply email your orders to custsvc@pinnacletextile.com.

CAUTION

Unless labeled differently, non-flame resistant garments, aprons, linen, and all products listed herein offer no protection from molten metal, sparks, flame or caustic chemicals.

PRICING

Pinnacle strives to provide our customers with stable pricing; however, we reserve the right to change or withdraw prices without notice.

STANDARD CARTON PACKAGING

Although we do not require the purchase of full cartons or polybag increments on most products, purchasing in our pre-packed quantities will aid us in shipping orders promptly and accurately. When possible, it would be appreciated if ordered quantities conformed to our pre-packaged quantities. Standard packaging is listed at the style level.

WARRANTY DISCLAIMER

Pinnacle has no control over the ultimate use, handling and/or storage of the product sold and, therefore, Pinnacle provides its materials and products 'as is' and without warranties of any kind, whether expressed or implied. To the fullest extent permissible pursuant to applicable law, Pinnacle disclaims all warranties, whether expressed or implied, including, but not limited to, implied warranties of merchantability and fitness for a particular purpose.
